Sub : Coal Theft

Dear Sir,

This is with reference to our previous letter dated 28 Mar 16.

Please note that we are still facing a lot of difficulties in the running of coal rake operation.

The nearby villagers from village Chapi and Joynagar area are gathering along side the railway track and climb up the coal rake and start throwing coal and involved in spreading of ballast from the line, which would led into weaken the railway track.(Photo attached)

Weakening of railway track would lead into derailing process of the coal rake and will cause damage to govt property. It will also inflict serious injuries and might lead to loss of life.

We have taken enough preventive measure by employing our security, display of cautionary board and also through awareness compaign, but locals are not stopping their activities.

Kindly, we need your co-operation and assistance in this regard to prevent against any incident.

Kind Regards

Col Ragbir Singh(Retd)
